Measurements: 2.375" x 2.75"

Item No. WS7450-TFD

Item Name: TRANSPARENT FILM DRESSING

Pack: 50/BOX

Measurements: 4" x 4.75"

Our multi-purpose, transparent film dressings provide a thin flexible covering to help protect the wound surface or secure catheters and IVs. The dressings are water-resistant to enable patient bathing and transparent to permit observation without removing the dressing. Their moisture vapor permeability allows excess moisture to vent while maintaining a moist wound environment conducive to healing. The latex-free adhesive is gentle on the skin.

Key Features and Benefits TRANSPARENT FILM DRESSING

- Allows easy monitoring of wounds and IV sites
- Easy application
- Flexes and conforms for longer wear
- Fewer dressing changes reduce cost
- Moisture vapor permeable
- Waterproof dressing provides a bacterial and viral barrier
- Allows showering without removal

Compares To
