**Product: WATERPROOF DRESSING**  
**Item No. WS7410-WC • WS7610-WC**

*\*Special Order Item. Please Call For: MOQ, Volumes, and Discounts*

**Item No.** WS7410-WC  
**Item Name:** WATERPROOF DRESSING  
**Pack:** 10/BOX  
**Measurements:** 4" x 4" with 2" x 2" Pad

**Item No.** WS7610-WC  
**Item Name:** WATERPROOF DRESSING  
**Pack:** 10/BOX  
**Measurements:** 6" x 6" with 4" x 4" Pad

This dressing has four distinct layers designed to cover all stages of wound care. Layer 1, a non-adherent contact layer, protects the wound site and will not stick to granulating tissue. Layer 2, a soft pad, absorbs drainage. Layer 3, a non-woven backing with an adhesive border, securely holds the contact pad in place. Layer 4, a semi-occlusive, polyurethane film, helps deter external contaminants and maintain an optimal wound environment. The vapor permeable film coating allows showering and protects the wound from water and contamination. It also protects clothing and bed linens from blood or exudate strikethrough.

## Key Features and Benefits WATERPROOF DRESSING

- Multi-layered sterile dressing
- Low adherent layer protects wounds
- Non-woven adhesive tape holds dressing in place
- Semi-occlusive
- Maintains a moist wound environment
- Waterproof, allows showering
- Protects wound from water and contamination
- Provides a gentle but secure adhesive
